Focus on Alternative and Complementary Therapies: FACT

Link to website: <http://www.medicinescomplete.com/journals/fact/current/>

A quarterly review journal that aims to present the evidence on complementary and alternative medicine (CAM) in an analytical and impartial manner. FACT systematically searches the world literature to uncover articles on CAM research. It provides a comprehensive overview of the new research, as well as structured summaries and critical appraisals of the most important factual papers. FACT saves its readers time and makes it possible to keep abreast of all the new research data related to CAM.

International Journal of Clinical Acupuncture

Link to website: <http://www.allertonpress.com/journals/acup.htm>

This was the first English-language journal aimed at improving practitioners' clinical skills. In its pages practitioners will find practical information that can be invaluable in their clinical practice. Most of the articles are from China, and they report on diseases that are commonly seen in Western acupuncture practice. Although the journal has a clinical bent, such topics as acupuncture theory and mechanism research are regularly covered, together with papers that help to integrate acupuncture into conventional medical practice.

Journal of Chinese Medicine

Link to website: <http://www.jcm.co.uk/>

The Journal of Chinese Medicine was established in 1979 by Peter Deadman, and has been published continuously since then. It has played a vital role in raising the standards of education and practice in Chinese medicine throughout the English-speaking world. Since 2001 the journal website has been offering the very best Chinese medicine books for sale on our website and in March 2005 greatly expanded the range of online products to include herbs, acupuncture supplies and specialist teas.

Journal of Traditional Chinese Medicine

Link to website: <http://www.jtcm.com>

One of the largest circulation journals in health science in the world. Specializing in Acupuncture and Oriental Medicine.
